UP-GRADES:

PRODUKT	OBRAZ	WYKOŃCZENIE	CENA Z VAT
RC2 + CONTROL PCB This upgrade includes: A new RC2 remote control with 12 buttons, offering the following functions: On/Off, volume control (VOL+/-), Mute, source selection (Sources), and adjustment of up to 10 levels of front panel lighting. New software and new control PCB. This upgrade is compatible with the following models: X251, X800, XP3, and XP5.		UPRC2+CPCB	NA TEL.

CUSTOM FINISHES:

PRODUKT	OBRAZ	WYKOŃCZENIE	CENA Z VAT
CUSTOM COLORS RAL Custom Colors for ORIGIN and DISCOVERY Front Panel. Customization Option: We offer the option to customize our products with aesthetic finishes from the full RAL color catalog for an additional cost. This allows users to adapt the product to their personal preferences.		CURALCO 	NA TEL.
CUSTOM CHROMED Custom chromed for the ORIGIN LINE In the Origin line, we use an exclusive metallic chroming finish through chemical deposition with noble materials such as 24-carat gold, copper, nickel, titanium, and zinc-darkened graphite. These finishes offer hardness and corrosion resistance, available in polished, satin, or mirror gloss combinations for unique visual effects. The process includes polishing, chroming, and a high-gloss epoxy varnish layer in a pressurized chamber, protecting the metals from oxidation and ensuring long-lasting color durability.		CHNICOSI 	NA TEL.
